DEAD ANIMALS A MYSTERY REVEALED

Art by: Shawn Warren

As the year 2011 began, the first thing God revealed to me was, "Time and Season!" The age in which we lived was near its end and a new age was beginning.

A season was dawning that even the earth dreaded. It was spoken, read, and told hundreds of years before. The time for the manifestation of things foretold and prophesied had come.

That same year there was a surge of strange and unexplained events occurring across the globe: destructive elements of wind, water, and fire that caused earthquakes, tsunamis, tornados, floods, wildfires, sand storms, volcanic eruptions, and the death of thousands. The solar alignment of stars and planets and the release of atomic-like matter from the sun, created meteors that generated beautiful light shows which knocked out the planets electronic magnetic fields.

MYSTERIES/REVELATION:

The Solar System of the Bible was created by God through His spoken word. Events in the firmament of the heavens (planets aligning, stars shifting, debris falling from the sun, etc.) are shifting for reasons and mean more than the eye can see.

God revealed the fulfilling of His Word: time must be speed up to save the very elect. Season on top of season, storm on top of storm, tornados, hurricanes, usher in the set time for God to remove His from the earth as the earth prepares to be inhabited by evil.

God reminded me that we were warned that we would not know the seasons except by the budding of the trees. The beginning of sorrows has moved into the beginning of the end.
